What's a Scratch Sheet?

A few years back, big regattas started posting scratch sheets on the internet to drum up interest and promote participation. As there is typically no cost to signing up, Scratch Sheets give a good indication of who is thinking about going to an event. It helps the organizers plan and prepare for the event. LTYC has set up a Scratch Sheet in Google documents for its events. If you expect to be at some of our upcoming events, take a few moments to step through the different Scratch Sheets and let us know to expect you. Don't worry about last minute change of plans, Scratch Sheets are only an indication of your intentions. If you need crew, want to crew, would like to help with the social, or have some other creative idea, just list it in the Scratch Sheet. The Scratch Sheet is available from the home page or the LTYC Website. **Posting regrets is encouraged as it helps in planning, especially for the larger events.**

THE FEATHER

Get your warm clothes, rain gear, wetsuit, etc. ready because winter is here. Time for the Frostbite series. Plan to come on out to the lake, even if the weather is questionable. If we can't sail, we will have food, socializing, and impromptu seminars in the classroom.

The Annual Meeting was well attended. We elected the new officers and board, had a good meal and socialized.

There was a good turnout for the Inter-Club race with Oak Hollow Sailing Club. They showed up in force, but we still claimed the regatta. I haven't heard who won the Chile Cook-off, but I did hear that there were a lot of excellent contenders. I was down at Lake Norman racing

on a J-24. Very different from the dingies we sail.

Mark your calendars for January 18 for the Change Of Watch. More food, socializing, and of course awards. Please remember to sign-up on the Scratch Sheet so we can plan for food. While you have your calendars out, look ahead and be prepared to sign-up for Race Committee and Sailing Instruction. We especially need instructors for the Junior classes. No experience is necessary to assist and it's a wonderful way to learn more about sailing (and teaching).

Wishing you all a safe and festive Holiday season.

See y'all On The Townsend,

Alan Taylor, LTYC Commodore

Its - Fun, Free, Supportive, and a Great Learning Opportunity.

Though not required, most of our club members assist with RC as a service to the club and to support the sport. Without RC, we wouldn't have our club and what our club brings to the community. If you are new to sailing or the club, RC is a great way to learn more about sailing, about the sport and to get to know a few of the club members. Truly, no experience required. Others on the team have

the experience and will show you how you can help. We encourage youth to join their parents on RC, or even come out on their own if appropriate. Spouse and other family members are also invited as a way for them to learn more about sailing. Sailing Class students, before or after your class, being on RC will add to your class experience.

Call People. Go Sailing

In an effort to involve more sailors in the Club's Sailing Events and Racing Programs, this "Available to Crew" list is published in each newsletter. If you have a boat and would like to participate in the Summer or Frostbite Race Series, call one of these folks for your crew. Alternatively, if you need a cruising partner on your boat or would like to team with someone on one of the city sailboats for a day sail or a race, contact someone on this list. If you are interested in crewing and would like to add your name to the list, please let Joleen know. Joleen has the best intentions of calling each new member if she doesn't hear from them to encourage them to sign up on the Crew or Race Committee List. (See the Help Lines located in this newsletter).
