US Sailing Portsmouth Yardstick

HOW THE PORTSMOUTH NUMBERS ARE USED

Determining the Race Scores

The Race Committee records *Elapsed Time (ET)* for each boat in the handicap fleets and for first boat to finish in one-design fleets. The *Elapsed Time (ET)* is in minutes with seconds to two decimal places.

Based on the wind patterns during the race, they will choose to calculate *corrected times (CT)* using either the *Wind Handicap for Beaufort Range Number* or the *Basic Portsmouth Number (D-PN)*.

Corrected times (CT) are calculated from elapsed times (ET) and handicaps (HC) using the formula:

$$CT = \frac{ET}{HC} \times 100$$

CT = corrected time

ET = elapsed time

HC = D-PN or wind handicap number

MF = Modification Factor

Score race based on shortest corrected time = 1st, etc.

The Handicap may be further modified by using the following Allowance Modification Factors:

Description of Allowance	Modification Factor for (D-PN) and Beaufort Number Ranges				
	D-PN	0-1	2-3	4	5-9
Class normally with spinnaker, not equipped with one	1.010	1.008	1.010	1.000	1.000
Solo sailing 2-person sloop under full sail	0.970	0.965	0.970	0.985	1.000
Solo sailing 2-person sloop under mainsail only, no jib	1.020	1.010	1.015	1.020	1.025
Singlehander classes, total crew weight greater than 225# (single or extra)	1.020	1.025	1.020	1.000	0.995
2, 3 man classes, total crew weight greater than 400# on 2 man class or 575# on 3 man class	1.009	1.025	1.019	1.001	0.995

(HC)modified = (HC)BN(MF)1(MF)2

Description of the Portsmouth Tables

The Portsmouth tables are divided into five types of classes - Centerboard, Windsurfer, Multihull, Keelboat, and Offshore.

Parentheses "()" around numbers indicate numbers based on a limited amount of race data (5 to 15 data points) and are suspect. Brackets "[]" around numbers indicate numbers based on estimates from less than 5 data points or have been calculated from other rating systems formulae. *Bracketed numbers are highly suspect and individual clubs are urged to verify and modify them with their own race data (methods given in Section III C of the Portsmouth Yardstick).*

The class listings refer to boats that are rigged and sailed according to their class rules or organizations or, when rules or class organization do not exist, carry a racing compliment of sails and gear. Refer to factory literature to determine if certain classes of boats are standard from the factory.
