# Call People. Go Sailing

\*\*\*\* REACH OUT AND CALL SOMEONE \*\*\*\*

In an effort to involve more sailors in the Club's Sailing Events and Racing Programs, this "Available to Crew" list is published in each newsletter. If you have a boat and would like to participate in the Summer or Frostbite Race Series, call one of these folks for your crew. Alternatively, if you need a cruising partner on your boat or would like to team with someone on one of the city sailboats for a day sail or a race, contact someone on this list. If you are interested in crewing and would like to add your name to the list, please let Joleen know. Joleen has the best intentions of calling each new member if she doesn't hear from them to encourage them to sign up on the Crew List. (See the Help Lines box located in this newsletter).

# A Single Mission

Since its founding in 1995, Friends for an Earlier Breast Cancer Test® has worked and focused solely on earlier detection of breast cancer as opposed to focusing on a cure for the disease.

Earlier detection may prevent invasive surgery, minimize treatment and dramatically increase survival chances. Many non-profit organizations have multiple offices, staff and multi-level internal organizations.

Friends for an Earlier Breast Cancer Test® has only one office, located in Greensboro, North Carolina, with one full time and two part time staff members. The objective of the organization is to direct as many funds as possible, as quickly as possible, to the research.

When Friends for an Earlier Breast Cancer Test® achieves its clearly defined mission to fund research leading to successful earlier detection, the organization can willingly and thankfully close its doors.

“This is a project, not an ongoing organization. A biomarker will be found and a test to detect breast cancer in its earliest stages will be created. No previous generation has had the opportunity to make an impact of this magnitude on breast cancer.”

## What's a Scratch Sheet?

A few years back, big regattas started posting scratch sheets on the internet to drum up interest and promote participation. As there is typically no cost to signing up, Scratch Sheets give a good indication of who is thinking about going to an event. It helps the organizers plan and prepare for the event. Last year, LTYC set up a Scratch Sheet in Google documents for its events. It was a good move. If you expect to be at some of our upcoming events, take a few moments to step through the different Scratch Sheets and let us know to expect you. Don't worry about last minute change of plans, Scratch Sheets are only an indication of your intentions. If you need crew, want to crew, would like to help with the social, or have some other creative idea, just list it in the Scratch Sheet. The Scratch Sheet is available from the home page or the LTYC Website.

Late last year, the club acquired a Flying Scot to be used to expand our sailing education program.

A few months back, the board agreed on the first year usage policy for the FS3410, see below. Please direct any questions or feedback to [ltycboard@laketownsendyachtclub.com](mailto:ltycboard@laketownsendyachtclub.com)
